**ADJOURNMENT FOR EASTER.**  
Dominion parliament will adjourn next Wednesday for the Easter holidays.

**LIBERALS WANT NORTH GREY.**  
The election of T. L. Thompson, Owen Sound, conservative candidate in North Grey will be protested.

**BIG FIRE IN AN ONTARIO TOWN.**  
Brougham, Ont., was in danger of destruction by fire early this morning.

**LOCAL.**  
—Calgary had a snow storm Wednesday.

—Henry Astley, of Astleyville is in town today.

—The net profits of the C. P. R. for the month of February were \$742,741.

—Williamson Bros. shipped two cars of 160 hogs to Calgary this morning.

—Mr. Boyce severed his connection with the Calgary school system Wednesday.

—Mayor Short has been invited to attend a good roads' convention in St. Louis in May.

—W. J. Rutherford, of Strathecona, registered at the Queen's Hotel, Winnipeg, on Tuesday.

—Robt. J. Gourley, manager of the Union Bank, Port Saskatchewan, was in town yesterday.

—A special meeting of the S.O.E.B. S. will be held in Hounston's Hall Monday evening at 8 o'clock.

—The monthly meeting of the Women's Public Hospital Aid society will be held in the council chamber on Monday, next at 4 p. m.

—This year the exhibition authorities have secured the same expansion rates on the C. & E. line for the Edmonton industrial as last year.

—Opening of navigation on the Great Lakes is one week earlier than last year. The first boat for Port William leaves Owen Sound April 14th.

—The interior of the Jasper House is being repapered. Considerable kalumining and painting is also being done which will make the rooms much brighter and more attractive.

—A public meeting for the discussion of the by-laws concerning the station site and the providing of funds for the municipal lighting system will be held in Robertson Hall to-night at 8 o'clock.

—For the year ending 1902 the net earnings of the Calgary & Edmonton railway were \$278,700, or an increase of \$83,067 over those of 1901. For January they were \$29,000, or \$10,000 less than for January 1902.

—The petition of the Grand Trunk Pacific for a bill for a charter for its proposed transcontinental line passed the standing orders committee in the Dominion house of commons on Tuesday without any opposition.

—The illustrated supplement of the Toronto Saturday Globe contains an excellent half tone cut of the midnight sun two thousand miles north. The picture was furnished the Globe, and copyrighted by C. W. Mathers, Edmonton.

—G. Ford of Winnipeg, of the Dominion Express Company in charge of the company's business from Port William to Victoria, accompanied by W. J. Kirby, route agent from Calgary to the coast, spent a couple of days in Edmonton this week on a tour of inspection.

—Messrs. Frank Barry and Frank Danford will open up in Henry Cameron's old stand on Jasper Avenue, in about ten days with a complete stock of men's furnishings and boots and shoes. In connection with the men's furnishing department a retail service will be instituted.

—Messrs. Barry and Danford hail from Montreal and have had considerable experience in wholesale lines.

—To-night's train was ten minutes late in leaving Calgary.

—W. Milner has taken a position in G. Berg's store.

—Major Richter left for points down the line this morning.

—A meeting of the People's Reform Association will be held in Garriep hall to-night.

—C.V. Smerad, of Greenwood, B.C., is in town looking for a site to start and operate a candy factory.

—Borington & Son have sold their billiard tables to a gentleman in Wetaskiwin. The room formerly occupied by the billiard tables has been rented to Wm. Robinson, of Fort Steele, B. C., and is being fitted up as a lunch counter. It will be opened in a week or ten days.

—One of J.R. Lubbock's teams had a lively runaway on Main street yesterday. Dashing down Jasper Avenue they came in contact with a farmer's team and wagon. The buggy was smashed and left scattered on the road. The team finally became entangled around a telephone post in front of McDonald's Pharmacy and were caught.

**FOUR CONSTITUENCIES FOR ALBERTA.**  
Ottawa, March 31.—Sir Wilfrid Laurier introduced the redistribution bill in the house today. The house shall consist of two hundred and fourteen members. Ontario will have eighty-six; Quebec sixty-five; New Brunswick thirteen; Manitoba ten; British Columbia seven; Prince Edward Island four; Northwest Territories ten; and one for the Yukon. The law provides that territorial representation may be increased without waiting for census returns.

—Alberta will have four members. Assiniboia will have four and Saskatchewan two.

—Alberta will be divided into Macleod, Calgary, Strathcona and Edmonton. Each division will take in a small portion of Assiniboia.

—Macleod district will come as far north as High River, though not taking in High River.

—Calgary will go as far north as Innisfail. Strathcona includes Strathcona, Lacombe and Wetaskiwin.

—Edmonton takes in Edmonton, St. Albert and all the north bank.

**SACRED RECITAL.**  
Viewed from every standpoint the recital given by Macleod Methodist church choir in the church last evening was an unqualified success.

Long before the time for opening, the church was filled, and when the choir took their places every nook and corner of the church was packed, while some, unable to gain admittance, were forced to go home.

The programme as published in Wednesday's issue of the Bulletin was rendered without a single hitch in the performance. There was not a weak number on the programme, and every one present joined in pronouncing the concert one of the best ever given in Edmonton. Great credit is due to Mrs. Frank Green, who has had charge of the choir for the past three months and who spent neither time nor energy in making the recital what it was. While all the performers filled their parts admirably special mention should be made of the vocal solo by Mrs. M. D. Morden and the violin solos by Miss Bessie Phillips.

The collection taken amounted to about fifty dollars. At the close of the recital the choir and a number of their friends were entertained at lunch at the home of Mrs. Purdy on First street.

**BIRTH.**  
Rudd—At Edmonton on Thursday, April 2nd, wife of H. R. Rudd, of a son.

Nairn—At Edmonton on Thursday, April 2nd, the wife of Cuthbert Nairn, of a daughter.

## AN AMERICAN JOURNALIST'S VIEW

Eugene White, of Portland, Ore., a special correspondent of the Daily Oregonian, of Portland, spoke to a reporter of the Winnipeg Tribune, concerning Northern Alberta as follows:

"This is a grand country. The reports we have heard have certainly not been exaggerated. I have just returned from Edmonton and the country in that vicinity is, I think, beyond a doubt the finest farming land in the world. The Vermilion country in the valley of the Saskatchewan is exceptionally favored. The soil is of the best; the climate is milder than in Manitoba, being sheltered from the Arctic winds and influenced by the chinook winds. Although there are no railroads into this district the land is being rapidly taken up. It is particularly adapted for mixed farming, as the cattle can feed out all winter."

"Is the country any good north of Edmonton?"

"Yes, indeed I heard a great deal of the Peace river country. In the short time I was in Edmonton I met twenty or twenty-five men who had inspected the section very thoroughly and without exception they spoke of it as one of the most desirable districts in the west. I believe the climate is exceptionally mild, the cause being the warm Pacific current."

"Are there many of your countrymen settling around Edmonton?"

"Yes, of course they do not come through Winnipeg, but come directly north. I remember one day I went over to the government land office and I could not get into the building. The place was crowded with land seekers. A large number who come over are going into ranching."

"What do you think is the cause of the migration Mr. White? Is it because the people of the United States are just beginning to realize the possibilities of the Canadian West?"

"Of course that is the chief reason; but practically all the cheap lands in the States are taken up and the farmers can sell their farms for \$75 to \$100 an acre in the southern states, and they are making money by selling them. Here in Canada you have lots of cheap land, better land than they are selling, and of course when they know it is a good investment to buy that land they will do so."

"Oregon is one of the richest states in the nation," said Mr. White. "We have some of the richest gold mines in the world around Portland. The valleys are very fertile and the markets are abundant. We expect at least a half million people will settle in Oregon within the next year, and the old settlers who bought the land cheap when the territory was opened will sell their lands and move elsewhere, a great number of them to Canada. It is the same with Texas; you would be surprised at the number of settlers who came over to Canada from that state last year and the number will be much larger this year."

"Canada is being advertised very extensively throughout the states, is it not?"

"Very extensively through the northern states. St. Paul and Minneapolis are very much interested in immigration to Canada. I expect you will have a great rush of settlers next month. Some people in the states viewing with alarm this migration, a number of the railroad men in the south formed a joint stock company to advertise their states and try and induce the people to stop but they cannot stop them; they will come in and continue to come so long as there is good land in Canada and prospects for success as at present."

## THE TARIFF

Penhold, March 30, 1903.

Editor Bulletin.  
Sir: Your repeated leader on the tariff question encourages me to write you a few words on this matter. What on earth possesses the manufacturers just now to start this fight? If trade were languishing and manufacturers suffering, I should feel less surprised to see them send round the hat for increased tariff relief. But

apparently they are now, and have been for years, enjoying unexampled prosperity, running full time and overdoing, and extending every man, woman and child in Canada to the tune of say 20 to 40 cents on the dollar, on every shirt and shoe we wear, and they are crying for more. It seems a case of sheer, shameless greed. And it is more sickening on account of their canting humbug about "protection" and "Canada for the Canadians." It reminds me of the "sunny days of childhood," when a diplomatic mother tried to disguise a dose of nauseous castor oil by a coating of sugar. We soon found out that the predominant factor after all was castor oil.—"Canada for the Canadians" seems to mean Canada, a happy hunting ground for the manufacturers association—"protection" is the sugar coating for a larger national tax to increase the profits of eastern manufacturers. Well this great fight is on and I want to suggest that our wisest course is not to sit quietly behind our walls in mere self-defence, but to rouse up and carry the fight into the enemies' camp. The manufacturers call for tariff revision. Let us take up the challenge. We too want tariff revision. There are still some liberals alive, who hold free trade to be an essential plank in any true liberal platform. The government has taken some steps in this direction and that step has been, to say the least of it, coincident with a tidal wave of prosperity that has flooded Canada. We want to get a further move in in the same direction, and my tariff battle cry for the liberals of the Northwest would be:

Free implements and tools.

Free coal and oil.

Ten per cent reduction on all woollens and cottons.

I think this is a just and fair demand; the prosperous times are just right for it; and a war cry like this, clearly and boldly raised, should rally all real liberals in the Northwest, and unless I quite misunderstand the recent defeat of the Hon. George E. Foster in North Ontario, would awaken splendid echoes from all parts of the Dominion.

Yours,  
JAS. SPEAKMAN.

## Kootenay Mines.

Roseland, B. C., March 30.—Easily the most important event of the week in the Roseland camp was the discovery of ore on the 1000 level of the Le-Roi mine. Since the ore was first encountered a couple of rounds have been blasted in the shooting, which remains strong. It is generally regarded as an extremely important event, although the warning by S. E. Parrish, general manager of the company, against discounting the future, is borne in mind. Some weeks will be required to demonstrate the magnitude of the discovery, the fact being that the fact being that the better the strike the more time will be required to exploit it. Mining Roselanders generally derive great satisfaction from the initial discovery that proves the much quoted theory that Roseland ore bodies "go deep."

In the other mines of the camp there has been marked activity; The Le-Roi smelter at Northport has three furnaces in operation with coke secured from West Superior, Wis., and the Rail has one big copper furnace running with coke from Comox collieries. This assures the continuance of mining in the camp on the usual scale, and the promise of enhanced activity when the supply of East Kootenay coke to the smelters is restored. Locally, the feeling prevails that the settlement of the labor trouble at the coal mines will not long be deferred, despite the setback received by the peace negotiations last week. It is felt here that the foreign element is largely responsible for the delay encountered and further advances will be achieved when the English-speaking miners thoroughly grasp the situation and assert themselves. The restoration of an adequate and permanent coke supply to the smelters will bring about a very important improvement in the local situation, particularly in the direction of removing the feeling of uncertainty from which the community is suffering more than from any real stringency.

Grand Forks, B. C., March 30.—The ore output of the mines in the Boundary district during the past week amounted to 5317 tons. The shipments were as follows: Granby mines 1897 tons; Emma 420. During the same period the Granby smelter, which is the only smelter in operation in the district at this writing, treated 12410 tons of ore.

## AN OPEN LETTER

To the Builders of Edmonton District.

Gentlemen: No doubt you have heard and read in the papers recently a great deal about the so-called "LUMBER COMBINE," and the consequent advance of prices. In this connection a few statements of fact from us may be in order.

The manufacturers of British Columbia advise us that the advance in prices is due to the increased cost of labor and of materials and that this justifies the advanced prices to the trade. Whether this is true or not we are not in a position to judge. But we do know that it is very difficult to get orders for B. C. lumber filled with any degree of promptness. Many of the mills are sold out of stock and cannot at present ship a car. We therefore claim that the advanced prices are due to scarcity of lumber. The price of any commodity is regulated in our day not so much by the cost of production as by the general demand for the commodity.

As to our own prices we beg to say that we are careful to see that they bear a right relation to cost. We cannot help the rise in B. C. lumber because the cost price is considerably advanced. But in the lines of our own manufacture such as Windows, Doors, Frames, etc., our prices are lower than the prices for the same articles either in British Columbia or Manitoba. This will indicate to you our position in this matter.

In view of the scarcity referred to if you are building or intend to do so, we advise you to place your order with us as soon as possible so that we may get in a position to fill it when required. We promise to do the very best for our customers that circumstances will permit.

### MEN'S CLOTHING

Men's Suits, some new ones. Just about now you'll be glad to see some distinctly new goods, fresh ideas in the way of fabrics—large plaids, broken checks, narrow stripes in brown and gray effects—in fancy chevrons. The man who wants something "a little different" will appreciate the present showing of

### PICCADILLY CLOTHING

There is a difference in clothing as in men. There are no better clothes made than those we are showing, but there are higher prices. A hot iron and a ten weight can press out a poorly made suit so that it looks very fine in a window. But only good, careful tailoring and all-wool cloth can make a suit hold its shape and look well for months and months. No need to argue with yourself, even though you have a good suit or overcoat. Will not another be welcome, if it's but to relieve a monotonous sameness? Many of these suits are of medium weight, and you could not find better for spring service. They are all identified by the "PICCADILLY" label. That makes them all the more desirable.

A good address goes a long way in aiding a man to forge to the front. We materially assist in giving you a presentable appearance by furnishing fashionable cut attire at prices below tailor made. Elegant patterns, careful workmanship. No clothing fits like ours.

### BOYS' CLOTHING

CLOTHING THAT DEFIES JUVENILE GYMNASTICS

As a parent you know how near useless it is to admonish youngsters not to soil or tear their clothes. The only remedy is to get good clothes, but don't pay too much for them. Clothing is cheaper for a healthy boy than doctors' bills for a sick one. We plead for the boyish boy.

### RAIN PROOF

And other  
OVERCOATS

Cravenette fabrics go through a process that goes to the foundation of the cloths—the very fibres that make the wool that makes the yarn are made non-absorbent. No earmarks of waterproof, no odor—no stiffness—is porous to air. The power of "cravenette" is in disguise until attacked by rain.

This is the closest and best property available, and the choicest in and about Edmonton. The furthest part is from 10 to 15 minutes from the post office. The property is eminently the people's portion: is not controlled by a policy of inertia dictated by "Hebraic Hatred." The surveys conform to existing ones, and the streets will be projected to their legitimate confines. Building Sites on the verge of the hill overlooking the mighty Saskatchewan, the foliage and verdure of whose banks is not exceeded by the fiercest tropics or softest Pacific scenes, abound. Prices will be uniform and moderate, tempered as a corrective of the present indefinite craze.

### In Regard to WATERPROOFS and TWEED SKIRTS

We would like a chance to show you what we have in these lines.

When we speak of Waterproofs, we do not mean the ill-smelling, ill-fitting, use-on-a-rainy-day affair usually shown under that name. Ours are handsome garments, beautifully tailored, made of lovely all-wool tweeds and covert cloths, which you would never suspect of being waterproof. These are stylish, full-length coats, and look right any day, rain or shine.

Our All-wool Skirts for spring are as right as anything can be.

200 LOTS

50 X 150

ON

Kenneth Macdonald Flats

The Finest Alluvial Soil on Earth.

On each Lot enough may be grown to support a family.

The property adjoins Little's brick yard on the South, the Experimental Farm on the North, and overlooks the Saskatchewan on the East.

The opposite bank of the river, rising in natural terraces from the water's edge to an average height of 150 feet, beautifully wooded, affords a PANORAMA OF HARMONY AND DELIGHT.

Edmonton has passed the experimental stage, and will possess in a few years a metropolitan population.

The Railway Question is settled. The Canadian Pacific, Grand Trunk and Canadian Northern are assured quantities.

A fact not generally known substantiates that Edmonton will be a terminus for some years, is that the carrying capacity of the Canadian Pacific exceeds the Oriental and British Columbia trades combined, and the three great roads mentioned will halt before pushing on to the Pacific, thereby making our city of vastly more importance than it would otherwise have been.

Much of the timber is primeval. The principal streets will be boulevardized, and ancient growth furnish overshade.

Maps and schedules of prices open for inspection at W. H. Hooper Company's Office on May 4, 1903.

## TOWN COUNCIL

The regular meeting of the town council was held in the council chamber Wednesday night, April 1st. Mayor Shaw, Councillors Gallagher, Grieson, Cushing, Fraser and Heinicke were present.

The council first met as a court of revision for the local improvement assessments. A number of appellants were present. The secretary-treasurer read the list of assessments and if no objections were made to them they were voted on and confirmed by the council.

Mr. Dunlop objected to a large open ditch on his property in the west end remaining as it was and asked that a box drain be laid in the ditch in question. The council appointed a committee of Councillors Grieson and Gallagher to report re box drain. Mr. McKay appealed from his share of the assessment to defray the expenses of the drain and on motion of Cushing—Fraser the assessment was referred to Councillors Gallagher and Grieson to report at the next meeting of the council.

R. V. Billamy addressed the council concerning the grant to the Mechanics' Institute Library and Reading Room in the McLeod block. A grant from last year's council of \$100 and contributions from R. Seward and others had furnished the committee of management with sufficient funds to keep the rooms in operation. This year's expenses were heavier and a grant of \$200 was requested. The council was also requested, when new municipal buildings were erected to reserve rooms for the reading room. On motion of Councillor Grieson—Cushing the requested sum was granted.

Mr. Hagar addressed the council requesting the removal of the present nuisance ground. The council advised him that they were doing all that was in their power to procure another suitable site for a nuisance ground and the site would be changed at the earliest possible moment.

John E. Graham stated that the breaking away of the high bank to the rear of his house was endangering it and he offered the north half of his present lot (8 and 9, Block R. R. L. 14) and \$200 for the three lots belonging to the town on the opposite side of the street. On motion of Councillors Heinicke—Gallagher tenders for said lots were called for. Mr. Graham to submit his offer with the rest of tenders to be in at later than Monday night.

Mr. Schinke, keeper of the nuisance ground, asked for a raise of salary. On motion of H. Heinicke—Gallagher his salary was increased to \$45 a month.

The minutes of the previous meetings were then read and confirmed on motion of Councillor Gallagher—Fraser.

The matter of a public meeting for the discussion of the two by-laws to

come before the electors, April 6th, was brought up. On motion of Councillors Gallagher—Cushing a public meeting is called for Friday at 8 p. m. in Robertson Hall.

Matters in connection with the arbitration re J. B. Lubbock's property were brought up and discussed.

R. Matz wrote the council asking for leave to build a 25x24 frame building to the rear of his hotel. The request was deferred pending the consideration of the new fire by-law.

A letter was read from the secretary of the board of trade asking the council to replace certain stables in the exhibition grounds, etc. The application was referred to Councillor Grieson with power to act.

Jas. C. Gardner wrote the council asking for a grant of \$500 to purchase a complete set of new band instruments and to pay a leader. The request was laid on the table.

A letter was read addressed to the mayor inviting him to attend a good roads convention in St. Louis in May.

Coun. Cushing read an extensive report of the Calgary fire protection system for the benefit of the council in regard to certain matters that had come up re fire protection.

Tenders were read for the erecting of a sidewalk and sidewalk stair case down the hill. The tender of Willis & Deyle as the lowest was accepted—on motion of Councillor Gallagher—Fraser.

N. H. Pock applied for an increase of salary from \$60 a month to \$100 a month. He was granted an increase of salary at the rate of \$1,000 a year; said increase to take effect from date.

By-law 228 regarding local improvements was read a third time and on motion of Councillor Grieson—Cushing was finally passed.

By-law No. 239 and 240 regarding town sewers were given their first and second reading.

By-law 241, relating to the sanitary conditions of buildings, etc., was given two readings.

W. A. Ormsby was instructed to erect an eye light at the Edmonton Yukon and Pacific railway station.

A lengthy report was read from Jas. McDonald, building inspector, declaring the foundations and general structure of Robertson hall to be thoroughly sound in every particular.

The meeting adjourned at 12:30 o'clock to meet next Monday at 8 p. m.

## BASE BALL MEETING

The baseball meeting held in John C. McDougall's office Wednesday was very successful. John I. Mills occupied the chair with J. C. McDougall as secretary. The officers elected for the ensuing year are:

Hon. President, R. Raymer.  
President, John I. Mills.  
Manager, P. E. Moroney.

Secretary-Treasurer, J. C. McDougall.  
Committee, W. Inglis, C. Hamilton and Dr. Gill.

The choosing of a captain was deferred for the present. The membership fee was placed at \$1. The exhibition grounds will be used for practice and regular practices will be held Monday, Wednesday and Friday evenings. Messrs. Mills and Hamilton were appointed a committee to arrange for suits, caps, etc. The secretary was instructed to immediately challenge for the Raymer cup at present held by Red Deer. Prospects of a most successful baseball season are a very bright.

## THE MARKET

Oats—There is scarcely any oats offering—none having been delivered the last few days. The price offered is 20 cents a bushel. Milling oats bring 22 cents.

Wheat—Very little wheat is coming in—the top price is 56 cents a bushel.

Hay—The supply of hay coming in is much less lately on account of the bad roads. From \$8 to \$9 dollars a ton is being offered.

Butter brings 25 cents a pound. There is little good choice butter coming in.

Eggs bring 15c a dozen. Large quantities of eggs are being delivered and the market is well supplied.

Potatoes are very scarce and bring 50c a bushel.

Beef—The price ranges from 33c to 41c a pound live weight according to quality.

Pork—Good straight hogs of about 200 pounds weight bring 5c a pound live weight. Smaller and overweight hogs bring from 4c to 41-2c a pound.

Mutton—Sheep bring 5c a pound. There are very few in the country—and hence the demand is very strong.

Chicken—There is a great demand for fowl. Chicken bring as high as 12c a pound dressed.

## THE BARE COLONY

Free Press.

London, March 30.—The steamer lake Manitoba, which sails from Liverpool takes 1,200 of the first contingent of the British colonists destined for Saskatchewan. Rev. Mr. Barr accompanies them. Already 300 have gone. They will wait the present party in Winnipeg. The colonists themselves take with them everything necessary for their sustenance. Two thousand one hundred people are being transferred from England to Canada and \$2,500,000 is being transferred from English to Canadian banks. No one foreigner is included in the first contingent, which consists of 920 single men and 350 families. The party consists of agriculturists and many mechanics from the Midlands and the Channel Islands, Yorkshire and Lancashire.

Canadian Constabulary's Grievances

Halifax, March 22.—Among the passengers on the Allan liner Carthagenia were thirty-two returning Canadian Constabulary. They had been two months on the trip from Pretoria and Bloemfontein. They tell the same story as related by the other recent arrivals of Canadian officers being removed and British and burgher officers put in their places. They are disgusted with the manner in which affairs were being conducted. They had to pay their own way from South Africa to London, and Lord Strathcona, Canadian high commissioner, paid their way to Halifax, and they were assisted from here to their homes.

Among them were: John Lehman, W. G. Birney, W. Thomas, W. McGillivray, all of Calgary, N.W.T.; T. W. Reynolds, Brandon, Man.; R. H. McIntyre, Duluth, Minn.; K. Taylor, Prince Albert, N.W.T.; H. Chenev, and R. D. Muir, Winnipeg.
